Grand Hyatt Amman's new jewels bring a new lifestyle to town

Grand Hyatt Amman is delighted to announce the opening of three unique new outlets, after an extensive ten-month renovation: **32° North**, **The Lounge** and **The Terrace**. Designed for the trendy and young at heart, these three upscale, stylish venues take dining and entertaining to a complete new dimension with their cutting edge interior design and food and beverage concepts.

32° North introduces a new lifestyle to Amman with its cosmopolitan and sleek interior. From the impressive fibre-optic chandelier above the large seafood bar, the beaded curtains at the round banquet seating and the exclusive leather dining chairs and clever glass walls, to the custom-made, free-standing kitchen, **32° North** is a unique dining venue, more likely to be found in Manhattan, Sydney or London.

This cosmopolitan restaurant boasts a grand marble seafood bar, serving the freshest of imported oysters, scallops, Alaskan Crab legs, lobsters, crabs, prawns and salads. The centre of the seafood bar features two giant oversized glass bowls, filled with a selection of champagne and vodka. Main courses are prepared in the custom designed, freestanding kitchen, which is an integral part of the interior design. All main courses are grilled on a charcoal grill and range from the freshest imported fish and seafood to specially imported Australian Mulwarra beef.

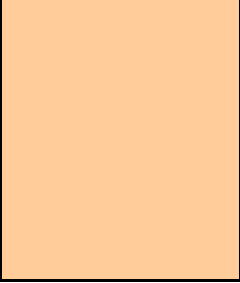

A private dining room with floor to ceiling temperature-controlled wine cellars complete this exciting restaurant.

Lush, cosy, chic and vintage describe the imposingly fashionable The Lounge in a nutshell.

Its sophisticated atmosphere and rich combination of orange, burgundy and purple hues, luxurious Italian designer furnishings, dual stand-alone open fireplaces, impressive modern Swarovski chandelier and floor-to-ceiling windows (overlooking the terrace and the spectacular blue-domed mosque) make The Lounge the ideal venue to see and be seen.

A selection of the finest beverages, speciality coffees and exclusively imported organic teas are available throughout the day. Afternoon tea is a treat for Amman's elite to meet and socialise, with a fine selection of carefully selected Viennese pastries and sophisticated live music.

The seductively flirty Terrace is the ideal place to unwind after a long day. Escape to an exclusive new environment and be seduced by the sensations that await you: cool sofa seats, warm lighting, soothing water features, elegant landscaping and relaxing chill-out music. The

purpose built narguileh lounge and all-marble custom-built bar further complement the ultra-cool and suave Terrace. The Bar serves a large variety of freshly squeezed tropical juices, iced teas and speciality cocktails, while trendy snacks provide a choice for every mood.
